

Environmental Policy Statement

Minnodi LLC is committed to managing and minimizing environmental impact in all parts of our business. Our staff and customers are committed to improving environmental impacts by following best practices that are safer for the environment.

Our commitment is to :

1. Reduce the carbon footprint of the business and services.
2. Reduce the consumption of resources and improve efficient use of the resources.
3. Re-use and Recycle all types of waste and minimize the production of rubbish—dispose of waste responsibly.
4. Reduce energy consumption and improve it by using renewable energy.
5. Ensure environmental, including climate change criteria, are considered while procuring goods and services.
6. Minimize travelling by maximizing IT systems and work virtually.
7. Participate in local community environmental activities

All our directors and staff members that communicate and implement these policies will ensure that:

1. We Monitor key objectives to reduce environmental impacts and strive continually to make improvements annually.
2. Favour the use of suppliers and distributors who are committed to sound environmental practices.
3. Promote education and awareness of environmental issues within the organization and community.
4. Prevent Pollution in all forms, reduce using gas, not use redundant electrical equipment, use of hybrid vehicles, and the installation of filtered water systems to reduce hazards.
